

DELAWARE DEPARTMENT OF CORRECTION

To: All Delaware Department of Correction Facility Visitors,

Visiting an incarcerated person is a privilege, not a right. To mitigate the risk of COVID-19, the DOC will screen all visitors for COVID-19. By visiting an incarcerated person, a visitor consents to screening for COVID-19. A visitor further consents to the DOC verifying the visitor's COVID status in the Delaware public health database prior to the visit as well as for 14 days following each visit.

.....

I, _____, hereby consent to allow the Delaware Department of Correction use my personal information to conduct COVID-19 screening to prevent the spread of COVID-19 in our Level IV and Level V facilities.
